

## **87. A faith of energy**

Tune Bishopthorpe AHB 34 TiS 114

When searching for a better way,  
A new humanity  
We find that Jesus points us to  
A faith of energy.

Our faith excites this energy  
With courage and with zeal,  
To open us to miracles,  
Releasing power to heal.

For Jesus, faith can make us whole;  
Can bring us back to life;  
Our broken lives can be rebuilt,  
In spite of gloom and strife.

We strive to live abundantly  
Where joy and peace abound;  
In hope, well-being, grace and love  
Is where this life is found.

The challenge of the gospel tale –  
'Move on. Do not retreat.'  
Compassion breeds this vibrant faith  
That makes our lives complete.
